

# AAC GOLDRUSH

CWRW Wheat

## Seeding For Gold

AAC Goldrush is a next generation high yielding CWRW with excellent winter hardiness. It comes with good standability, strong rust resistance and 'I' to FHB.

## Insights

---

"AAC Goldrush is being launched for growers that are looking for a CWRW variety with high yields, a strong disease package and excellent standability. To date, it has been reported that this product is showing very good winter hardiness which is a compelling feature for any winter wheat."

- Herman Wehrle PAg.,  
Director of Market Development, FP Genetics Inc.

## Highlights

---

- Very high yielding; 113%\* of the check
- Excellent winter hardiness
- Strong straw and medium height
- Strong package
  - » 'R' to leaf rust, 'MR' to stem rust
  - » 'I' to FHB and stripe rust
