

KWS GATANO

Hybrid Fall Rye

WESTERN CANADA'S BEST SELLING HYBRID FALL RYE

KWS Gatano is the number one seeded Hybrid Fall Rye in Western Canada. This trusted hybrid has been the main choice for the new generation of rye growers. KWS Gatano brings an outstanding combination of enhanced ergot resistance and consistently high yields, making it the most popular Hybrid Fall Rye variety among growers.

Highlights

- Best balance of yield potential and ergot resistance
- Contains the KWS Pollen Plus® characteristics
- Good grain quality for all markets

Adaptability

KWS Gatano hybrid fall rye is well suited to all the regions in Canada.

Variety	Yield (% Hazlet)*	Maturity (days)*	Height (cm)	Lodging	Test Weight (lb/bu)	TKW (g)	Winter Survival	Ergot (%)*	Falling Number (sec)*
KWS Gatano	130%	214.1	97	F	58	32	VG	0.55	267.6
Hazlet	100%	213.8	107	G	59	39	EX	0.8	165.4
