

# CDC Landmark VB

## Canadian Western Red Spring | Midge Tolerant

CDC Landmark VB continues to be the leading midge tolerant semi-dwarf CWRS with unsurpassed standability and sprout tolerance. This short variety, carrying the SM1 gene, is suited for any farmer looking for top-end yield potential and peace of mind.

- Semi-dwarf midge tolerant wheat
- Leading standability
- Good sprout tolerance
- Easy to harvest
- Semi-solid stem
- Highest midge tolerant wheat acres in Western Canada

Parentage: Unity//Alsen/Superb Refuge: AAC Viewfield
