

SU Bebop

Premium Rye

Outstanding Yield
Excellent Winter Survivability

The ONLY Premium Rye

^{SU}Bebop is a premium rye variety, offering a strong yield advantage over traditional varieties, averaging 118% of the yield of Prima and Hazlet in the Fall Rye Co-operative Registration Trial. Agronomically, it shows improved performance in yield, lodging resistance, earlier heading, plant height, and falling number, while maintaining comparable winter hardiness and test weight. ^{SU}Bebop represents a dependable, high-performing choice for growers without sacrificing agronomic strength.

- Excellent Winter Survivability
- Lower Ergot Potential
- Excellent Dual Purpose – Grain and Forage
- Good ratings for fall and spring vigour

Strengths

Significantly greater yield than checks in each of the two years of testing

One day earlier heading than the checks

Significantly shorter (5cm) than the checks

Significantly improved lodging (-0.3) compared to checks

Neutral

Meets all seven merit requirements: yield, maturity, lodging, test weight, ergot, falling number, winter survival over two years of testing

VUA™

Maturity: -1 Days vs. Hazlet

Height: -1 cm vs. Hazlet

Lodging resistance: Good (2.7)
