

AAC Bravo

Brown Flax

Consistently strong yields
Large seed size

Tried and True Brown Flax

AAC Bravo is a tried and true brown flax variety with a wide range of adaptability. It has a competitive package for yield, disease and lodging resistance. AAC Bravo has a large seed size which has added benefits to seeding and harvesting.

- Consistently strong yields—103% of CDC Bethune
- Rated 'MR' for Powdery Mildew and Fusarium Wilt
- Rated 'G' for standability

Agriculture and
Agri-Food Canada

Agriculture et
Agroalimentaire Canada

Maturity: + 1 day vs. CDC Bethune

Height: - 2.3 cm vs. CDC Bethune

Lodging resistance: Good (2.1)

Fusarium Wilt Rating: MR

Powdery Mildew Rating: MR

Rust: R

Strengths

Significantly out-yields Flanders in all zones in Western Canada and under late seeding conditions in Western Canada.

Large seed size (significantly larger than Flanders)

Significantly higher alpha-linolenic acid content than Flanders

Significantly higher Iodine Number than Flanders

Neutral

Similar maturity and height as Flanders

Similar lodging resistance and protein content as Flanders

Immune to rust
